# Dedication

Elizabeth City State College, like all educational institutions, is in the process of dramatic change which is being brought about by increased knowledge, mechanization, specialization and professionalism. Facts and trends indicate that the educational preparation needed for the various professions grows more rigid yearly. Automation and specialization require different and more demanding skills.

The 1967 graduate will join in a work-directed society which places great emphasis upon mental capabilities, high educational attainment, versatility and adaptability. He must marshal and direct his energies toward preparing himself to live in a society that becomes more and more demanding.

The 1967 VIKING is dedicated to  
THE PURSUIT OF EXCELLENCE.

## Our President

Dr. Walter N. Ridley

GREETINGS TO THE CLASS OF 1967:

These are days for *standing tall*—and all of us must stand taller than we have in the past.

The requirements for entrance, progress and graduation at Elizabeth City State College have been and are being heightened. Will you—Freshmen, Sophomores, Juniors and Seniors—*stand tall* enough to complete the course?

The requirements for colleges to continue to serve society are higher now than in years past. Will Elizabeth City State College—its Trustees, Staff, Students and Alumni—meet the challenges to *stand tall* in these times?

It is my estimate that all of us *can*, if we will. It is the hope and prayer of Mrs. Ridley and myself that each member of the Class of 1967, and of our College Family, will want to scale the heights.

May it be said of every one of us, in the years ahead, that we “*STAND TALL!*”

Very sincerely yours,

A handwritten signature in cursive script that reads "Walter N. Ridley". The signature is written in dark ink on a light background.

Walter N. Ridley  
President
